

## Dipinder Sekhon, KritiKal's CEO, attends IIT Global Leadership Conference

**Noida, Monday, 27 July, 2015:** Dipinder Sekhon, CEO of KritiKal Solutions, recently attended the PanIIT Alumni Global Leadership Conference (GLC) that was held from July 24, 2015 – July 25, 2015 in Santa Clara, California. The theme for the conference was “Internet of People” and the major keynotes and discussions were centred around IoT and Analytics. The keynote speakers at the conference included John Chambers (CEO, Cisco), Bharat Desai (Co-founder and Chairman, Syntel Inc.), and Elizabeth Homes (CEO, Theranos). The 2-day conference featured over 125 luminaries, including keynotes, panel discussions and special leadership series of lectures. The full list of speakers and conference content is available at <http://iit-2015.org/>. KritiKal Solutions is exploring possible opportunities for collaborations based on the meetings that Dipinder Sekhon, an alumnus of IIT Delhi, had at the conference.

### **About IIT**

The Indian Institutes of Technology (IITs) are autonomous public institutes of higher education, located in India. They are governed by the Institutes of Technology Act, 1961 which has declared them as institutions of national importance. Each IIT is an autonomous institution, linked to the others through a common IIT Council, which oversees their administration.

### **About KritiKal Solutions**

KritiKal Solutions is a leading full product development life-cycle services provider with deep domain know-how and technology expertise. We consistently go beyond our clients' expectations by bringing together technology, talent, innovation, and the highest quality standards to deliver amazing products. KritiKal's customers benefit from the right mix of technology skills, industry and domain knowledge, defined processes and methodologies, and a choice of engagement models. Our strong linkages with the country's premier technical institutions like Indian Institute of Technology, Delhi, enable us to create industry-defining products and accelerate time-to-market. We offer international delivery capabilities through our delivery centres in India.
